Preparation for the Hard Times is the third and final book in the four-part series of The Fundamentals of Money Mastery by Jordan Belfort. In Part III, Jordan expands his financial philosophy to cover the most important macro-economic and market-related problems facing our financial system today. Preparing for the Hard Times is a book about change. Jordan's view of change and the philosophy behind the book, and his suggestions on how people should prepare for these changes, are revealed for the first time in this book. Jordan stresses that most people live in the past and therefore, their future and the future of their children and the entire financial system, will be dictated by the choices they make today. He suggests that the only way we can prepare for our future is to make a lifestyle decision for the betterment of everyone and our future. This book is a wonderful resource for both the individual who is about to embark on this new journey and for those who have already done so and are looking for guidance. The Basic Investment Concepts series is designed to help you master the basics of investing. Each book in the series is designed to help you explore the practical side of investment and personal finance. No matter what your investment experience level, you can use this book to jump-start your investment journey. During the course of this book, you will learn the fundamental principles of investment and be guided through the process of

investing. If you already have a diversified portfolio and you're looking to add value to it, this book will help you grow your portfolio more effectively and securely.
