Q: Using variables as Key in map I have a bunch of ID's that looks like this: \$id When I do \$mysqldb->query("SELECT \* FROM table WHERE \$id=1") I get an error because '\$id' is not recognized in query statement, probably due to quotes around it. How can I fix this without using single quotes around them, since I don't want to use a whitelist of ID's? A: You need to 570a42141b
